

SUMMER 2023 ENRICHMENT WORKSHOPS

JUNIOR COMPOSERS AGES 7 TO 12 A fun and accessible introduction to music composition. Ideal for students with little or no composition experience. It's great to play music written by others. But you can also use your keyboard skills to explore your own creativity! Join us and discover your inner composer!

COST JUST \$21 PER CLASS

SCHEDULE EVERY THURSDAY AT 5:00 FROM JUNE 22 THROUGH JULY 13

MINIMUM ENROLLMENT TWO STUDENTS: PLEASE CONSIDER SIGNING UP WITH A FRIEND! COMMUNITY WELCOME.

ADDITIONAL DETAILS LEAD TEACHER: MR. HOROWITZ. To make the most of this class, some prior piano experience is useful.

PLAYING WITHOUT A SCORE AGES 8 TO 15 It's great to be able to read and interpret a complex musical score. But it's also wonderful to be able to play your instrument anywhere anytime! This class will introduce you to toolkit of skills which will allow you to play songs by ear...and broaden your musical horizons!

SUMMER 2023 ENRICHMENT WORKSHOPS

ADDITIONAL INFO AND FAQ

OUR CONCEPT Every summer, we experiment with our offerings in an effort to reach the maximum number of students with topics that are useful yet different from what we are able to offer during the school year! Make the most of your summer and choose to participate in our innovative program of supplementary classes!

A-LA-CARTE SIGN UP Classes are planned as a single course and students will benefit greatly from attending all classes of a given topic. However, we offer individual day-by-day sign up for all topics because we want you to participate! If you can't make it to every class in the topic, we still welcome you.

ONLINE SIGN UP Sign up via Calendar in the Student Portal or email Mr. Horowitz. The sign-up will be available not later than June 12.

THESE CLASSES ARE A GREAT VALUE! Because our primary interest in offering these classes lies in adding value to the teaching that we already do, and to providing maximum support to our current community of interested students, we've set tuition rates low. All classes are just \$21. Please understand that we will still charge for no-shows and cancellations with less than 48 hours of notice, regardless of the reason.

WHAT WILL WE DO? These are practical, hands-on workshops: not a lesson, not a lecture. Most of our class time will be spent actively exploring the given topic, with teacher guidance. Some of this exploration may be in a group setting, other times it will be done individually, with each student working at their own pace. We can differentiate instruction and accommodate varying levels and ages in the same workshop.

WHAT ABOUT INDIVIDUAL LESSONS? There is no requirement that you also take individual lessons; however, we do not intend the classes to replace individual lessons.

AT-HOME PREPARATION? Each class is just one hour. Practicing at home will be beneficial for all topics and will increase the value of attending. However, at-home practice is not specifically required for any classes.

REGISTER IN ADVANCE Because we would like to plan activities appropriate to the age/level/interests of the specific participating students, registration may close as early as seven days in advance of the class. We will try to hold registration open later if possible. If you're interested, sign up early.

WE WELCOME NEW AND GUEST STUDENTS TO THESE CLASSES We will collaborate with your current/prior teacher, if appropriate, to make sure students from the community enjoy a great workshop experience! The low tuition rates are the same for all students, new and returning. A \$35 registration fee* and completed registration form are required before you can enroll. (*Just one registration fee is charged per year per family.)
