

SUMMER LESSON INFORMATION 2024

SUMMER LESSONS: OUR CONCEPT Music is a year-round activity! Students who continue their practice in the summer grow their skill faster and are more likely to stick with lessons. But we know that schedules get scrambled in the summer. We invite you to choose a program of summer lessons that makes sense for your family and fits your interest and goals.

HOW CAN I SIGN UP? Every student who turns in a registration form by June 1 will receive an invitation to schedule summer lessons before June 17. We'll handle sign-ups through the Student Portal (log on from "For Our Students" in the menu). If you have trouble with the Student Portal, send your teacher or Mr. Horowitz an email with your schedule request. Do not allow website problems to keep you from attending. If you have trouble, we'll do it for you!

WHAT DOES IT COST? Tuition for summer individual lessons is \$22 per 15-minute schedule block. Payment isn't considered past-due until the 11th of the following month. Find full details on the **2024-25 STUDIO POLICIES**.

WHAT IF MY PLANS CHANGE? You may make changes/cancellations until 48 hours before the lesson. Cancellations will remove the charge from your account. If you've already paid, a credit will carry forward automatically.

IN-PERSON OR REMOTE? The default location for all summer lessons will be "in-person." If you prefer a remote lesson, first, sign up. Then inform your teacher. Requests with 48+ hours notice will always be honored. Requests with less notice will still be honored, when we are able.

TEAM TEACHING Our teachers collaborate to ensure every student has continuity of instruction. If your regular teacher isn't available every week, we'll make sure to give you access to at least one other teacher's schedule. **If you would like access to additional teacher calendars, ask Mr. Horowitz.** All teachers are available to all students. **Please—**do not skip the entire summer only because your regular teacher is not available.

IS THIS REQUIRED? No...but it's impossible to imagine any successful student taking off the entire summer every year.

CAN I SIGN-UP FOR SHORTER LESSONS? Yes...but shorter lessons make it hard to cover the student's material. If you're looking to reduce your work-load or try something different, talk to your teacher or to Mr. Horowitz.

CAN I JUST PRACTICE INDEPENDENTLY? Yes...but experience shows that most students won't.

HOW DOES THE JUNE SCHEDULE AND TUITION WORK? Our regular schedule runs through and including June 16th. During the ten-month School Year, tuition is based on ten equal monthly payments. There are around 38 scheduled weekly individual lessons throughout the course of the school year.

LOOKING FOR OTHER TEACHERS? Ms. Roberts and Ms. Azikiwe are returning for the 2024-25 school year, but they aren't teaching during the summer session.

NEW STUDENTS Yes, you can start in the summer and continue with us in the fall!

STILL HAVE QUESTIONS? Call us to discuss! Let's figure out what makes the most sense for your individual situation.
